1. GREETINGS

Welcome to the FIFA Club World Championship TOYOTA Cup Japan 2005!

We are delighted to once again return to Japan to hold a FIFA competition here following the incredible experience that was the very successful 2002 FIFA World Cup Korea/Japan™. With their gracious hospitality, professional organisation and enthusiastic support of the beautiful game, FIFA is pleased to know that both this year's and next year's FIFA Club World Championship TOYOTA Cup will take place in this lovely country.

On 29 February 2004, the FIFA Executive committee set a bold path into new era for club football by announcing the re-constituted format of the FIFA Club World Championship, thus finally providing a truly representative club football world championship, one in which all six confederations take part: AFC, CAF, CONCACAF, CONMEBOL, OFC and UEFA.

Since 1981, our colleagues here in Japan have been organising the TOYOTA Cup, a European-South American battle for club supremacy between the traditional footballing powers. Since then, the football community has grown and the beautiful game has thrived on every corner of the planet. Modern club football around the world has become faster, stronger, more technically sophisticated and more international than ever before. It is no longer a given that the top European or South American clubs will defeat their counterparts from other confederations.

Now that the rest of the world has narrowed the gap, it became clear that they deserve the opportunity to challenge the best for the crown of club world champion. FIFA, in move of solidarity to honour the development of football around the world, thus answered the call with the establishment of the FIFA Club World Championship TOYOTA Cup.

The FIFA Club World Championship TOYOTA Cup is the one and only global club championship. It is a true continental showdown – the opportunity for regional champions to come together in the spirit of competition and fair play, to challenge each other for the right to claim the crown of world champion.

We congratulate each of the participating teams on their achievements thus far – to be continental champions is quite an accomplishment – however, there can only be one world champion. Truly, these six teams thus carry not only the pride and hopes of their respective clubs, but also those of every footballer in their confederation, from the youngest child chasing a football in the park, to the most seasoned veteran whose passion for the game has only deepened with the passage of time.

It is our distinct pleasure to welcome to this event the fans, referees, team officials, media, and of course the players: not only is this your opportunity to shine on the world stage, it is your chance to set a positive example and be an inspiration to players and fans of the beautiful game with the widespread exposure of this competition around the world. Honour them – play hard, but respect the spirit of Fair Play. With pride in your heart and the goal in your sights, you will all be winners, no matter the result at the end of the match. We wish you all much success.

We would like to take this opportunity to thank Dentsu, the Executive Producer of the FIFA Club World Championship TOYOTA Cup Japan 2005, as well as President Saburo Kawabuchi and the Japan Football Association for the top-quality organisation of this important competition.

It is important also to express our appreciation to Toyota, the competition's Official Naming Partner, as well as all of our commercial partners because their vital support is a key part of the development and promotion of not only this competition, but the sport of football in general.

And lastly, our gratitude also goes out to the hundreds of volunteers who have generously offered their services out of their love of the game to make the event a success – you are all true ambassadors of the beautiful game. We trust you will enjoy all the thrills and excitement that only football can provide!

Friends – we are on the verge of history: on 18 December 2005, one of these six continental representatives will raise the trophy into the air – and will truly have earned the title of FIFA Club World Champion!

For the Good of the Game,

1. GREETINGS

After the incorporation of "TOYOTA CUP" which had been organised in Japan since 1981, FIFA Club World Championship TOYOTA Cup Japan 2005 is a newly introduced world club tournament with champions from all 6 Confederations. It is a great honour for us, Japanese football fans and supporters as well as for each one of Japanese citizen to be able to host this commemorative inaugural edition of this prestigious championship.

We trust that Japan is selected as the host for the championship in 2005 and 2006 in recognition of our past achievements in organisation of TOYOTA CUP for 25 years as well as the success of 2002 FIFA World Cup Korea/Japan™. Not to mention our reputation for Japanese hospitality and wonderful supporters, the quality of stadiums that provide children, the elderly, and women with safe environment to enjoy football has been well proved in the world. We are convinced that those various factors contributed to the decision of our hosting this championship.

At the Draw Ceremony in July 2005, Dr. Viacheslav Koloskov, Chairman of Organising Committee for the FIFA Club World Championship TOYOTA Cup Japan 2005, expressed his impression on Japanese football by saying "Football enjoys its popularity in all over the world, and every club in 6 Confederations can now compete with each other for the world champion." Looking back on the status of Japanese football far behind the world stage several decades ago, we must say that it has completely changed.

Japanese football made a substantial progress at phenomenal rate after the launch of the J League in 1993. Having made our first appearance in the 1998 FIFA World Cup France™, Japan co-hosted the 2002 FIFA World Cup Korea/Japan™. Japan achieved the best 16 and Korea Republic ended as best 4 in this tournament, proving the level of Asian football to the world. Though Japanese teams could not place a ticket to this championship this year, we strongly believe that the fact the door to the world was opened to club teams will surely lead to further development of football in Japan as well as in Asia as a whole.

As prestigious as FIFA World Cup™, FIFA Club World Championship TOYOTA Cup Japan 2005 decides the No.1 club in the world. Superlative matches at top level will surely fascinate the fans with the spirit of fair play as we ensure safe environment and warm hospitality.

Lastly, we would like to extend our deepest gratitude to Fédération Internationale de Football Association, Asian Football Confederation, Confédération Africaine de Football, Confederation of North, Central American and Caribbean Association Football, Confederación Sudamericana de Fútbol, Oceania Football Confederation, and Union de Associations Européennes de Football, TOYOTA Motor Corporation, Official Naming Partner, and all the related parties and people who have made immeasurable contributions to the organisation of this championship.

9. ACCREDITATION

Picking Up Your Accreditation Card

All individuals who are accredited to the Championship are asked to come to one of the AD Centres in person. Each applicant needs to bring the ID Card referred to in the application process (passport or government issued identification card with ID photo) as well as a copy of the Confirmation Letter. Provided that all necessary and valid materials are presented, it will take about 15 minutes to have the AD Card issued including the time to an ID photograph taken.

AD Card issuance procedure:

- 1) AD Counter
Come to one of the AD Centres listed above in person.
Remember to bring your ID and the Confirmation Letter.
- 2) AD Photo Booth
Have your photo taken at the AD Photo Booth.
- 3) AD Card Issuance Counter
Receive your AD Card at the AD Card Issuance Counter. You will be asked to sign a form.
- 4) Media Centre, Information Desk
Please proceed to the Information Desk within the Media Centre (adjacent to MAC/SAC) to receive the Media Kit.
At this time, Photographers' Bibs will be distributed to all Photographers.

* Note that open dates and business hours at AD Centres and Media Centres / Offices may differ.
Please see P.15 for AD Centres open dates and business hours and P.28 for Media Centres /Offices.

Loss & Re-issuance

Please immediately report loss or theft of your AD Card to the closest FCWC Media Office, Media Centre or AD Centre or to FIFA/Venue Media Officers. You will be asked to report how, when and where it had occurred. The reported AD Card will be invalid; procedures for having your AD Card reissued will be explained to you at the AD Centre.

9. ACCREDITATION

MEDIA TICKETS

AD Card is issued as an identification card to identify the individual as related in some ways to FIFA Club World Championship TOYOTA Cup Japan 2005 for security purposes. AD Card will NOT ensure reporting/shooting opportunities but allows access to designated zones within each venue.

Access to specific reporting/shooting areas is controlled by Supplementary Access Device (Media Tickets). Access to certain areas such as Press Tribune, Media Conference Room, Mixed Zone and Field Shooting Area will only be granted to individuals carrying both AD Card and Media Ticket issued for each specific area on a match-by-match basis. In accessing those areas, you need to wear both AD Card and Media Ticket where they could be clearly visible to security personnel.

Requests for Media Tickets shall be made over the Media Channel. As there are limited numbers of Media Tickets, should the number of requests exceed the capacity, selections will be made following the precise protocol. Members of the media who are selected to be holders of any Media Tickets who can not make it to the Match are obliged to notify Media Officer at the venue concerned for cancellation. This would enable reporting opportunities to others on the waiting list. No show may result in denial of rights to apply (be selected) for Media Tickets for the following Matches during the Championship.

Press Tribune Ticket

Requests for Press Tribune Tickets (issued on a match-by-match basis) shall be made over the Media Channel. Announcement of selected media will be announced on the Media Channel and also posted at the Media Centre. Should the number of requests for Press Tribune Tickets exceed the number of seats (with or without desk) available at the Press Tribune, selections will be made following the precise protocol. As a general rule, Press Tribune Tickets will be issued at the Media Centre of the Match venue 4 hours prior to the kick-off until 30 minutes prior to the kick-off. Unclaimed Press Tribune Tickets after 30 minutes prior to the kick-off time shall be regarded as No Shows, and issued to those on the Waiting List.

Field Photographer Ticket

Requests for Field Photographer Tickets (issued on a match-by-match basis) shall be made over the Media Channel. Announcement of selected media will be announced on the Media Channel and also posted at the Media Centre. Should the number of requests for Field Photographer Tickets exceed the capacity available and allowed on field shooting positions, selections will be made following the precise protocol.

As a general rule, Field Photographer Tickets will be issued at the Media Centre of the Match venue 4 hours prior to the kick-off until 30 minutes prior to the kick-off. Unclaimed Press Tribune Tickets after 30 minutes prior to the kick-off time shall be regarded as No Shows, and issued to those on the Waiting List.

Mixed Zone Ticket

Mixed Zone Tickets are required for all journalists who wish to access Mixed Zone. FIFA will make selections following the precise protocol.

Media Conference Ticket

Media Conference Tickets are required for all journalists who wish to access Media Conference Room. FIFA will make selections following the precise protocol.

Photographers' Bibs

Photographers' Bibs will be allocated to individual photographers for the duration of the Championship at the time of AD Card issuance. All photographers will be asked to wear the Bibs in addition to AD Card and relevant Media Ticket if any.

Rights-Holder Bibs/Tickets

WSG will be responsible for issuing Tickets and allocating Bibs to all rights-holders.

Non Rights-Holder Bibs/Tickets

Dentsu will be responsible for issuing Tickets and allocating Bibs to all non-rights holders.

10. ACCOMMODATIONS

HOTELS RECOMMENDED TO THE MEDIA

The following hotels are recommended to be used by the media; members of the media accredited to the Championship will be offered special rates at these hotels by making online reservations through JTB Global Marketing & Travel (JTB GMT). 15. HOST BROADCASTER

Nippon Television Network Corporation (NTV)

Established in 1953, Nippon Television Network Corporation (NTV) is the first and largest commercial broadcasting network in Japan. NTV's broadcast of this competition will not only cover Japan, but NTV will also transmit the international feed as the host broadcaster. NTV has a close relationship with football; it has broadcast the past 25 competitions of the Toyota Cup which began in 1981, and it also owns a J-League club team Tokyo Verdy 1969. Moreover, NTV has extensive experience in international sports event broadcasting, an example of this is their undertaking of the role of host broadcaster for the 1991 Track and Field World Championship in Tokyo.

All seven matches of the historical first FIFA Club World Championship TOYOTA Cup Japan 2005 will be broadcasted live, and the international feed will be transmitted to over 160 countries and regions all over the world.

NTV will establish approximately 20 cameras at each venue, and as the central feature of the broadcast, NTV will utilize the "spider cam", which will be in place at the venue in Yokohama. This camera was used in "Spiderman", the movie, to see the world from Spiderman's eyes, and this will be the first time in history that this camera will be used for a football match. This camera will freely hover over the stadium and enable broadcast of competition footage from an angle never seen before. Moreover, in order to build up the excitement leading up to the competition, NTV will broadcast myriads of related programs amounting to 51 programs, a total of 2093 minutes (34 hours 53 minutes) of air time.

16. GENERAL INFORMATION

About Japan

Japan is an island country located in Northeast Asia and surrounded by the Pacific Ocean, Sea of Japan, East China Sea and Sea of Okhotsk. Most of its territory is on the four main islands – Hokkaido (in the north), Honshu (main island and the biggest of the four), Shikoku (smallest) and Kyushu (in the south) – and few thousand smaller inhabited and uninhabited islands. Japan stretches obliquely north to south in a fairly long and narrow pattern and the distance between the northern and southern tips is about 3,000 kilometers. Most of the urban and suburban areas are very densely populated whilst forests and mountainous regions cover 70% of its 377,899 square kilometer ground. While the country takes pride in its advanced industry and technology, Japan is also blessed with four seasons and beautiful natural attractions varying by season and location within the country.

16. GENERAL INFORMATION

Travel Tips

Visas and Passports

All travelers of any nationality wishing to enter Japan must hold a proper passport valid for the period of stay in Japan. Accreditation to FIFA Club World Championship TOYOTA Cup Japan 2005 do not ensure issuance of visas. Each member of the media is responsible for obtaining his/her own visa. Please contact the Japanese embassy or consulate in your home country in regards to visa issuance and procedures.

Emergency Numbers

The national emergency numbers are 110 for police and 119 for ambulance and fire. You can make calls to these numbers free-of-charge from public telephones except you need to remember to push the red button before dialing (English-speaking dispatchers may not be available).

Time Difference

Japan is not divided into different time zones and daylight savings time is not adopted in Japan. Japan time is -9GMT.

Electricity – Voltage and Electrical Plugs

In Japan, the voltage supply is uniformly 100v AC throughout the country, but two frequencies are used: 50Hz in the eastern half of Japan (Tokyo and Yokohama) and 60Hz in the western half (Nagoya and Toyota).

Cylindrical plugs or 3-pin plugs are not in use in Japan; instead plugs with two flat pins are used. It is advisable to have a plug adapter handy.

Modular Jack Extension

RJ-11 modular jack is used in Japan as in the United States. This type of jack is required to transmit data from the analog pay phones installed at the Media Centres.

Business Hours

Banks: 9am–3pm (closed on Sat, Sun and national holidays); ATM (depends on bank and location)
Government offices: 9am–5pm (until 1pm Sat; closed on Sun and national holidays)
Department stores: 10am–7:30pm (but varies; usually closed on one weekday)

Driving

To rent and drive cars in Japan, you will need to carry the driver's license you use in your home country as well as the International Driver's Permit issued by your home country's national automobile association (in accordance with the 1949 Geneva Motoring Convention), both valid at the time of rental. Driver's licenses from some countries including Germany, France and Switzerland may need to be translated into Japanese.

16. GENERAL INFORMATION

Currency

Travelers may bring in or take out unlimited amount of money to and from Japan. However, when the amount exceeds 1 million yen or its equivalent (total of any currencies, checks, securities or the like), a customs declaration must be filled out and submitted.

The Japanese yen coins are issued in denominations of 1, 5, 10, 50, 100 and 500 yen, and bank notes in denominations of 1 thousand (1,000), 2 thousand (2,000), 5 thousand (5,000) and 10 thousand (10,000) yen.

You can exchange money at major banks often indicated by a sign in English near the front door and at international airports and hotels. Banks, usually open 9am to 3pm. Be sure to bring your passport to the bank.

Credit Cards

Some of the commonly accepted credit cards at bigger establishments in Japan are MasterCard, Visa, Diners Club and American Express, however, it is still cash-based in smaller shops and vendors. Although you can use bank-issued credit cards to obtain cash, access is limited. Only a few ATM machines accept several credit cards, with Citibank ATMs the easiest as they are open 24 hours and accept bank cards from non-Japanese accounts. To obtain cash from a credit card using an ATM, you must have a personal identification number (PIN). To be certain your PIN will work in Japan, it is wise to call your card issuer.

Tipping

There is no tipping in Japan; not even to waitresses, taxi drivers or bellboys. Instead at some higher-priced hotels and restaurants you will have a 10% to 15% service charge added to your bill.

Postal Services and Postage

Post cards and stamps can be purchased at post offices, convenience stores, shops at train stations and at some hotels. Post boxes are in red or blue.

Domestic postage: Post cards 50yen; letters (up to 25g) 80yen; letters (up to 50g) 90yen

International postage: Post cards 70yen (to all countries and regions); letters (up to 25g) to Asia/Guam 90yen, to North and Central America/Oceania/Europe/Middle East 110yen, to Africa/South America 130yen; letters (up to 50g) to Asia/Guam 160yen, to North and Central America/Oceania/Europe/Middle East 190yen, to Africa/South America 230yen.
